

Mirachem Pressure Wash

Data Sheet

[Mirachem® Pressure Wash](#) is a highly concentrated, versatile cleaner engineered to lift road grime, oil & grease, and other environmental soils from surfaces to be rinsed away with water. This foaming formula is designed to increase dwell time and prevent redeposition on surfaces to be cleaned. Mirachem Pressure Wash can be used on most every surface and is safe for both interior and exterior uses.

Product Information:

Environmental Safety	Meets stringent environmental regulations for air quality, such as VOC content and VOHAPS, and wastewater systems.
Worker Safety	Non-flammable, non-fuming, non-caustic, non-corrosive, non-toxic, hydrocarbon and solvent free.
Material Compatibility	Safe to use on most surfaces, including aluminum, stainless steel, ferrous metals, glass, rubber, plastics and natural & synthetic elastomers.
Application Methods	Mirachem Pressure Wash is specifically designed for use in pressure washing and steam cleaning equipment.

Soils Removed:

- Road grime, grease & oil, lubricants, fuel, environmental dirt & debris.

Material Compatibility:

- Carbon / mild / stainless steel, aluminum, iron and other alloys
- Brass, bronze, copper and other yellow metals
- Neoprene, nitrile, natural / synthetic rubber and elastomers

Cleaning Method:

Method	Dilution	Concentration	Temperature
Pressure Washing/Steam Cleaning	19:1 to 4:1	5 - 20%	Ambient - 160°F

Approvals, Specifications & Listings:

- Meets SCAQMD VOC Requirements
 - There are no Volatile Organic Hazardous Air Pollutants (VOHAP), Ozone Depleting Compounds (ODC), or Global Warming Compounds(GWC) in this product.

Availability:

- 5 gallon pail, 55 gallon drum, 275 gallon tote

Technical Details:

- VOC
 - Undiluted 10 g/L (0.07 lbs/gal)
 - 10% 1 g/L (0.01 lbs/gal)
- pH
 - Undiluted 11.0 - 11.4
 - 10% 10.5
- Flash point Non-flammable
- Shelf life The shelf life of unopened containers is 36 months from the date on the package.
